### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Michael Martensen on April 12, 2007.

The application has been amended as follows: in claim 36, lines 15-16, after *debugging the circuit* add *by placing request/response packets* and after *interconnect* add *for analysis*.

The following is an examiner's statement of reasons for allowance.

Referring to claims 1, 22, and 33-36, the prior art does not teach or reasonably suggest, in combination with the remaining limitations, debugging the circuit by placing request/response packets on the interconnect for analysis.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Michael C. Maskulinski whose telephone number is 571-272-3649. The examiner can normally be reached on M-F 9:30-6:00.
